

## SPECIAL EDUCATION PLACEMENT COUNTS BY AGE (Screen 11)

◀ December Cycle

The Special Education Placement Counts by Age screen is used to report the number of students with disabilities that are served in Missouri public schools. In order for a student to be eligible for child count, the student must have a current IEP in place and be receiving services by the local school district as of December 1. The count must be an unduplicated count, i.e., each student is counted only once by age, race, gender, disability, and placement.

Data Collection - 11 Spec. Ed. Placement Counts by Age

## ITEM DEFINITIONS – SPECIAL EDUCATION PLACEMENT COUNTS BY AGE (Screen 11)

**Help** – Click button to display information about items on the screen. This information is the same as in the Core Data Manual.

**District:** – County-district code and name of school district. (Display only, based on logon User ID.)

**Year:** – School year for which data are collected. (Select from dropdown list.)

**Cycle:** – Cycle in which data are collected. (Select from dropdown list.)

**Status:** – Current status of district's data for cycle selected. (Display only.)

**School** – 4-digit school number and name of attendance center where students with disabilities are served by the district. (Select from dropdown list.)

**Ages:** – The age of the student on December 1. (Select from dropdown list.)

**Child Count:** – The number of students with disabilities by age who are served by the district. (Item is system calculated and displayed.)

**Line** – A sequential number for each line assigned by the system.

**Disability** – Code that identifies disability reported (see Exhibit 18). (Associated title is displayed from dropdown list.)

**Placement** – Code that identifies special education placement category (see Exhibit 19). (Associated abbreviation is displayed from dropdown list.)

**Male** – Number of male students in specified age, disability, and placement category.

**Female** – Number of female students in specified age, disability, and placement category.

**Total** – Total number of students in specified age, disability, and placement category. (Item is system calculated and displayed.)

**Black** – Number of Black students in specified age, disability, and placement category (see Exhibit 2).

**White** – Number of White students in specified age, disability, and placement category (see Exhibit 2).

**Hispanic** – Number of Hispanic students in specified age, disability, and placement category (see Exhibit 2).

**Asian** – Number of Asian students in specified age, disability, and placement category (see Exhibit 2).

**Indian** – Number of Indian students in specified age, disability, and placement category (see Exhibit 2).

**LEP** – Number of Limited English Proficiency (LEP) students in a specified age, disability, and placement category.

**Delete Row** **X** – Click button to delete row.

**Save** – Click button to save all data on screen.

**Edits** – Click button to display list of potential data errors related to data displayed.
